

7th CA/HSCI Junior PI Conference: Stem Cells 2.0

Grant Award Details

7th CA/HSCI Junior PI Conference: Stem Cells 2.0

Grant Type: Conference

Grant Number: CG1-07572

Project Objective: As per PI:
Our planned "7th CA/HSCI Junior PI Conference: Stem Cells 2.0" aligns well with CIRM's goal of promoting multi-disciplinary collaborative approaches to translating basic discoveries to clinical advances. The proposed meeting will uniquely focus on building relationships and camaraderie among the emerging leaders in stem cell research from institutions throughout California, most of whom have held CIRM new faculty awards, basic biology grants or translational awards and from the Harvard Stem Cell Institute (HSCI, Harvard, Boston).

Investigator:

Name:	Dana Jones
Institution:	University of California, Los Angeles
Type:	PI

Award Value: \$2,500

Status: Closed
